"My art is my freedom. It transforms me,
transcending everyday restrictions, taking me to
another time, another element. I am growing,
seeking and finding new insights into my life and
consequently, my work. Each painting I create is
my best... until I do my next. This is why I paint."

Murals

A number of Terry's murals appear coast to coast. The largest is
a 60-foot long wall in a dental office in Los Angeles, CA. The
tallest is 16 feet high at Our Lady of Lourdes Church in Denver,
